I love camping. My family and I went on a special camping trip to the desert. It was the first time that I camped in the desert. It was cloudy. I was happy because I don't like sunny days. We parked the SUV under some trees. My father made a big camp fire. There was a lot of food to eat and we were very hungry. There was a barbecue and my mother cooked delicious food.

There were many people camping. We played with my ball around the qhaf trees and we flew the kites. I saw many animals like camels and scorpions. My brother was excited but my sister was scared of the animal noises at night. We were very happy to all be together and it was a fantastic trip.

Read the text and answer the questions

Some animals change the colour of their fur in winter. Why do you think they do that? During the warm months, an Arctic fox has brown fur. Its brown colour matches the brown soil and grasses of the Arctic land where the fox lives. In winter, the Arctic land is covered with snow. When the cold weather begins, the Arctic fox grows a coat of white fur. This camouflage helps the Arctic fox hide from hungry polar bears and wolves!

1. Why does the Arctic fox change its colour ?
 - a) to find its food.
 - b) to hide from the dangerous animals.
 - c) to sleep

2. What is the colour of the Arctic fox during the worm months?
 - a) brown
 - b) white
 - c) green

3. What are the animals that eat the Arctic fox?
 - a) just the wolves
 - b) only polar bears
 - c) polar bears and wolves

4. What does meal last line mean?
 - a) The outside part of a tree or branch
