English Assessment Planner

Grade 4 Access

Level 2.1

Term 3

2023 – 2024

Overview

In this assessment planner, you will find all of the tools and information you need to plan and implement Term 3 assessments. While every effort has been made to provide complete and accurate information in this document, there is a possibility that elements of the assessment plan will be updated as the term progresses. If the need arises, updates will be communicated as soon as the assessment team is aware of the change.

Level Alignments

Level alignments allow you to access and understand targeted learning outcomes and assessment goals for your students. Level alignments include the English Language Curriculum Framework for Excellence (ECFE) Level, the Literacy Level, the CEFR Level, the Lexile Range, the Global Scale of English level, a list of National and International Assessments, and a list of assessed curriculum frameworks.

Coverage

Coverage details are of particular importance in planning instruction for the term. In order to ensure that students are fully prepared for assessments, ensure frequent exposure to Term 3, lexis, grammar, high frequency words, phonics and functional language. The English Language Assessment Unit will provide resources to support you and your students in preparing for assessments. For the end of term exams, a slideshow for classroom use will be released ahead of the assessment with information about question types, a list of key lexis, and examples of questions that will be used. We recommend using the information in the coverage details to develop your own resources to provide additional exposure to assessed language points throughout the term.

Term 3 Assessments

In Term 3 Assessments, you will find assessment information for the term including the end of term exam specifications, weights for the term and the academic year, pacing, release dates for supporting materials, and a brief description of each assessment.

Specifications and Guidance

The end of term assessment specifications are included in this document, and a supporting PowerPoint presentation will be released approximately two weeks before the date of the exam.

Assessment	Description
Continuous Assessment	<p>Continuous Assessment focusses on student improvement. Gaps in student learning will have been identified using the formal diagnostic assessment and any other diagnostic assessments (especially for writing and speaking) that the teacher carried out. The teacher can then tailor activities towards filling these gaps and monitor progress by building up a portfolio of work that provides evidence of student improvement. This can be supplemented by students carrying out self-reflection activities, such as learning journals and peer reviews as the processes involved in completing these tasks will improve meta cognition and help to create more independent learners. Here is the link to example activities on SharePoint.</p>
Reading End of Term Exam	<p>The reading exam comprises of 3 parts: It is a paper-based exam.</p> <p>Part 1, which assesses pre-requisite skills below level and at level, is made up of two sections. Section A consists of matching images to lexis. Section B, which is set at level, comprises of a grammar MAZE.</p> <p>Part 2 is also made up of two sections. In section A, students will select the correct title to match a short text. In section B, students will read a text and complete sentences about the text by selecting words from a word bank. there will be gap fill questions and MCQs where students will identify familiar words and MCQs that assess overall meaning.</p> <p>Part 3 has two short texts and asks students to make evaluations about how texts can be used, to understand the main point of the texts and to make a connection between the texts.</p>
Writing End of Term Exam	<p>The writing exam will consist of short answer questions (1 or 2 sentences) based around topics from the curriculum that elicit personal experiences and ideas. A supporting image and a vocabulary box will be provided to help scaffold student answers.</p>
