Read the text about free time. For questions 1 - 5, choose the best heading for each paragraph. There is one extra heading that you will not need.

1.  Free time activities are normally done after studying or working hard. They are important because they help you relax. There are indoor and outdoor activities young people can do, and both are good for your body and mind.
2.  In a recent school survey, 100 young people from grade 7 answered questions about what they like to do in their free time. Around 50% of these young people said that they prefer indoor activities. Around 40% of them said that they like outdoor activities. Only 10% of people said that they enjoy both indoor and outdoor activities.
3.  Almost half of young people liked reading. Nearly 10% of them liked writing poetry and 20% liked writing stories. Another 30% of people enjoyed watching TV.
4.  Just under 40% of young people that prefer spending their free time outside, said that they love to play sports. Some of them like playing football and some like going for a run. Almost all of them agreed that they disliked indoor activities.
5.  A quarter of the people that like both indoor and outdoor activities said that their favourite activity is gardening. Others liked exercising.

Free time activities are usually done after school or working hard. They are important because they help you relax. There are indoor and outdoor activities young people can do, and both are good for your body and mind.

In a recent survey, 1,000 young people answered questions about what they like to do in their free time. Around 60% of these young people said that they prefer indoor activities. Around 30% of them said that they like outdoor activities. Only 10% of people said that they enjoy both indoor and outdoor activities.

When we asked about free time spent indoors, 30% of people we asked like reading. Nearly 10% of young people like writing poetry and 20% like writing stories. The other 30% of people like

People have been **Ex. watching** movies for over a 100 years and they are as popular now as they were then. People enjoy laughing, which is why (1)  movies have always been popular. Animation has also always been popular, mainly because of Disney movies. In the 1990s around 16% of all English language movies were action movies. In 2018, the action (2)  only made up about 10% of movies made. More thrillers have been made in the last 30 years. Maybe, this is because people have wanted more (3)  movies. It may also be because more special effects are available to make movies look better. Another reason could be that more dangerous actions, such as jumping off buildings or driving really fast in (4)  cars are performed much more safely than in the past.

Television was invented in 1927. After this, more and more people had them in their homes. Now a lot of families have TVs in every room of their homes. With television being so popular, many more TV programs (5)  made for people to watch. In the past, people had to be at home at the right time to watch their favorite programs or go to the movie theater to watch movies. However, with TV streaming services, such as Netflix, you can now watch your favorite programs or movies at any time. The streaming service will also remember what you have watched and will (6)  other TV programs and movies that it thinks you will like. One type of program that has become more popular is nature documentaries. These have made people pay more attention to the world (7)  them. These programs show the natural habitats of animals and how they are changing because of (8)  actions.

Hello Basma,

Last week, I went to Dubai Safari Park with my family. It is a big park and has around 3,000 animals. How amazing is that?

First, we went to the African Village and saw a few different types of monkeys. My favorite type was the Patas monkeys. There were different kinds of cats, too. We saw lions, tigers, and cheetahs. Then we went to see the giraffes. You can feed them, so I gave them some carrots. I enjoyed that the most!

Next, we went to the Asian Village and saw the Moon Bears. These mammals are big and strong! We also saw other animals, like the

Next, we went to the Asian Village and saw the Moon Bears. These mammals are big and strong! We also saw other animals, like the Mandarin Duck and the Gibbon.

Then, we went to the bird show from 11:00 am - 2:00 pm. We saw different types of birds. Many of them had beautiful colors, like the different types of parrots and the flamingos. I love birds. They are very cute and smart! After the show, we went to the restaurant for lunch because we were tired and hungry. Then we went to the car.

It was a lovely day out with my family. I had so much fun! I hope I go to Dubai Safari Park again soon!

## Grade 7 Access English Reading

More than one-third of its land is desert.

Generally, summer is hot and dry. It starts in early December and finishes in March. Temperatures in the desert are usually between 36 and 39°C, but can reach up to 45 - 50°C. However, temperatures in the desert during winter are between 18 and 24°C.

It rarely rains in the desert, but other parts of Australia get heavy rain, especially the parts closer to the sea, like Darwin, or the areas in the south. Australia also gets floods, which happen in the east of the country, especially in Queensland and New South Wales.

The most pleasant time to visit and travel around Australia is when the weather is warm enough to
